

# Roll-Rite® DC200 Series

Safe. Simple. Automated Tarping.

Durable Tarp Systems for Single Axle  
Hooklifts and Roll Offs

Roll-Rite® DC Series delivers automated tarping with proven safety, durability, and efficiency. Pre-assembled for fast installation and engineered to fit roll offs and hooklifts, the DC Series keeps your load covered and your business on the move.

A Clarience Technologies Company

# Quality, durable components engineered for tarping roll off & hooklift trucks.

DC200 Series Tarp Systems may feature:

## Tarpmaster® Electric Motor

- Engineered for high torque tarping
- Chrome-plated, corrosion-proof casing for long-lasting, professional appearance
- Backed by the industry's only 5-year non-prorated warranty

## Tower & Integrated Housing

- Pre-installed, pre-wired, and pre-tested with motor, worklights & controls for fast install in under 10 hours
- Black powder-coated tower for durability & corrosion resistance
- Easy fit: requires only 12 inches of clearance behind cab
- Flexible mounting options (see below)

## Wireless Controls (DC203/DC204)

- Pre-wired, improved external connections for fast "install-ready" hookup
- Unlock/re-lock using Ch1/Ch2 sealed membrane buttons or included keyfobs
- Automatic timed lockout—no key lockout required
- Meets SAE J1455 Heavy Duty Vehicle standard
- 360° walk-around remote operation for clear, unobstructed tarping

## Roll-Rite Arms

- Ultra-durable, lightweight, specially treated extruded aluminum arms for maximum strength-to-weight performance
- Upper bow adjusts telescopically for easy installation and a precision fit

## External Mount Pivots

- Heavy-duty 5-spring External Mount pivot set (shown with 45170 mounting bracket option, see bottom facing page)

## 45° Pivot Offset Option

- Strongest pivot offset available
- Effectively positions base pivot arm parallel to hoist frame, reducing load interference

## Tower Mounting Options

- Your choice of tower mounting brackets (shown at right)
- Bolt-on Power Pack and Black Box for varied install needs

• U-Bolt

• Side Frame (DC204 Only)

• Angle Iron

## DC200 Stationary System - Class 3-6

For small trucks with same size containers using up to 24 feet of tarp. DC200 features:

- TarpMaster® 98" Tarp Spool w/ Integrated Housing
- Powder Coated Stationary Tower
- External Pivot Mount Set
- Single Function RF Controller w/ 1 Keyfob
- Wide Tarp Bow Set
- Optional: Worklights (standard on DC203/DC204)
- **Estimated System Weight: Under 500lbs**

- ((shown) DC200 w/ Optional Worklights

- (shown) DC203 w/Optional 45° Offset Pivot Arms

## DC203 Adustable Tower with Fixed Pivots - Class 3-6

For single axle trucks with similar size containers using up to 24 feet of tarp. DC203 features:

- TarpMaster® 98" Tarp Spool w/ Integrated Housing
- Powder Coated Adjustable Tower
- External Pivot Mount Set
- Single Valve Hudraulic Pump w/ Black Box™ Remote w/ 2 Keyfobs
- Wide Tarp Bow Set
- Worklights
- **Estimated System Weight: Under 550lbs**

## DC204 Pickup Chassis System - Class 3-5

For Pickup Chassis using up to 24 feet of Tarp. DC204 features:

- TarpMaster® 98" Tarp Spool w/ Integrated Housing
- Powder Coated Adjustable "LOW" Tower - Low Tower uses Side Frame Tower Mount Brackets designed specifically for Class 3-5 trucks for shorter tower starting height to cover smaller containers
- External Pivot Mount Set
- Single Valve Hudraulic Pump w/ Black Box™ Remote w/ 2 Keyfobs
- Wide Tarp Bow Set
- Worklights
- **Estimated System Weight: Under 550lbs**

- (shown) DC204 w/Optional 45° Offset Pivot Arms

## System Options

- Tailor your system to fit your truck needs and optimize performance

- 45170 External Pivot Mount Bracket

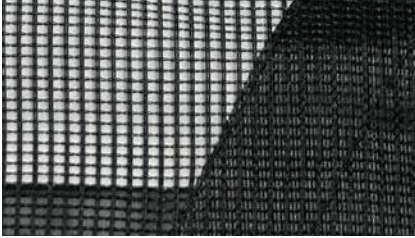

- 45° Offset Pivot Arm for Load Clearance

- Worklight Option for DC200 System

# Roll-Rite® Tarps

## PREMIUM MESH

### LOAD TYPE

Refuse, general

### FABRIC

7.7 oz premium 7.5x5 weave with two 1000 denier polyester UV coated twisted strands (1500D x 1000D)

### KEY BENEFIT

Premium strength, longer life cycle than industry standard mesh

## SUPER TOUGH MESH

### LOAD TYPE

Challenging scrap, construction & demolition

### FABRIC

Premium 16 oz heavy, 7x7 weave with 7,500 denier UV protected strands of polypropylene breathes enough to minimize flapping.

### KEY BENEFIT

Longer life, up to 3x-5x wear life over other scrap tarps.

## PLEATED TARP DESIGN

### NO SEAMS, NO FLAPS

Get the benefits of a straight tarp and a flapped tarp with none of the hassles. With two pleated folds along the length, the tarp expands up to 10' wide. Pleated tarps are a custom order.

- Eliminate shock cords
- Forget the seams
- Stop straining to reach the center of a flapped tarp.
